Tasting Notes

This 2015 offering has opulent, bright grapefruit, crisp green apple, with hints of tropical fruit. Although the wine is predominately tank fermented, a small portion (5%) is barrel fermented to add a structured mid palate layer offering just the tiniest bit of oak on the finish. The tremendous fruit quality of the Tondrè vineyard shines through on the palate, with hints of a champagne creaminess and toast note. It finishes with clean crisp acidity making it a perfect wine for those light summer seafood dishes.
