Tasting Notes

The 2018 Vintage Tondrè Chardonnay shows a tremendous depth of fruit, highlighted by bright tropical notes with hints of citrus and apple. It is a blend of tank fermented (80%) and barrel fermented (20%) wine. The new oak component of the barrel fermented portion (Approx. 5%) adds a structured mid palate layer, and offers a subtle note of oak on the finish.

Crisp, refreshing acidity is maintained with the barrel fermented portion of the wine only going through ML.
